Publisher's Note

This book is not a work of fiction. Names, characters, places, and incidents are neither the products of the authors' imaginations or used fictitiously, and any resemblance to actual persons, living or dead, events, or locales is entirely intentional. That is unless what is stated is obviously so ridiculous that it must be fiction, wherein it is fiction. Thus, use your own judgement, and if something is offensive, then it is most definitely fiction.

Dear Class of 1999

"I would like to introduce you to this book. It has no plot. It is about moments, memories, fragments, falsehoods, and fantasies. It is about things that have happened, which caused other things to happen, so that eventually our stories emerged."

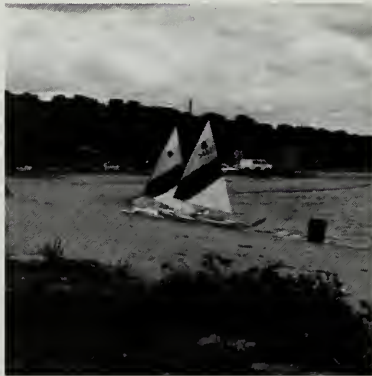

— Lois Lowry

This yearbook has been a collaborative effort of several dedicated seniors under the guidance of the faculty advisors, Mr. Boddie and Mrs. Silva. Our yearbook is meant to capture the experiences we had, the successes, and everyday moments which have made us who we are today. It has been four years which are finally coming to an end so we felt that the "Let the Countdown Begin . . ." was appropriate. Not only are our high school years coming to an end but so is this century which we are a part of. In the weeks, days, hours, and minutes before graduation, we are counting down to the end of our high school days, and to the beginning of something better — the future.

Good Luck,

Hingham may not be a big town, but the students usually find ways to keep themselves busy. They participate in a wide variety of after school activities. After school jobs are a great way for Hingham students to make money and utilize their time. Some of Hingham's popular student-staffed establishments are Atlantic Bagel and Coffee Co., Old Navy, TCBY, CVS, Ben and Jerry's, and the local public library. Students like to get together outside of school and hang out with their friends. They might go visit their friends at their after school jobs or meet up at the Crow Point Pizzeria or the Tiger Mart.

As for school sponsored activities, there is almost always something to which you can devote your time. The

student body always shows great support for the Hingham High School sports teams during pep-rallies and cheering at the games. There are usually two dances for the whole student body, Homecoming and Snowball. Then there are two proms, junior and senior, for the older, cooler,

students. The Class of 1999 has had a successful and enjoyable senior year. The noisy construction that started this year has made everything a little more chaotic and annoying for students. The Drama Club especially has been affected by the renovation. The annual musical was put on in Notre Dame Academy because the old HHS auditorium no longer existed. The students also had to deal with the annoying far-lot parking system. However the 1999 Class is upbeat and had a great time.

A Day in the Life . . .

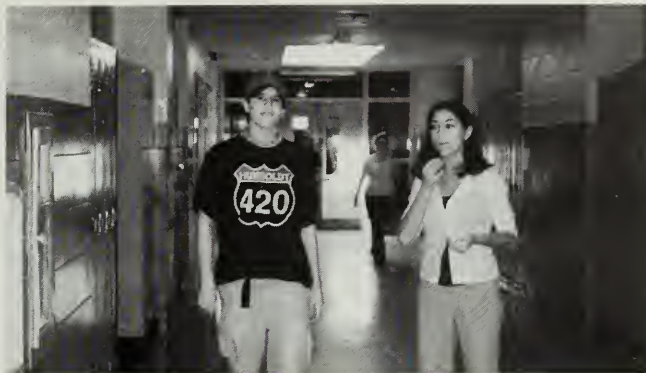

6:00 AM — Rise and Shine! Time to get ready for another day at Hingham High School.

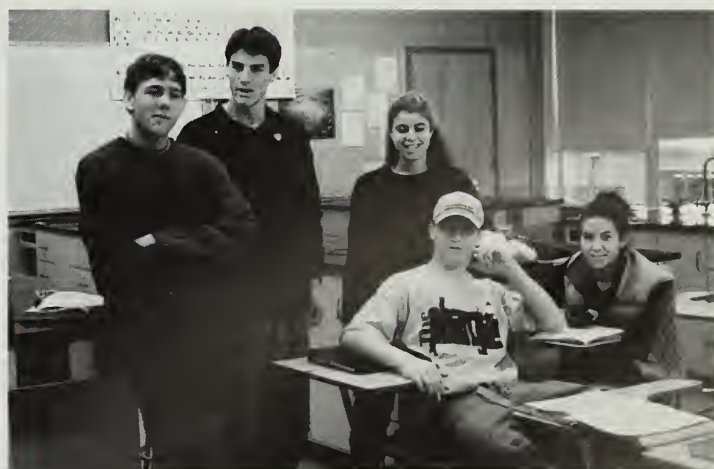

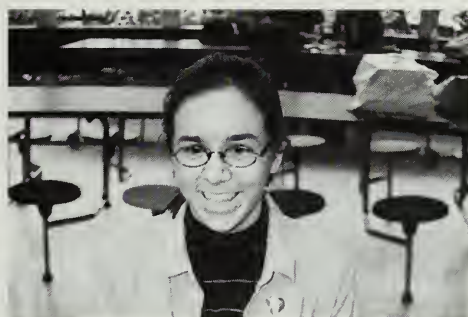

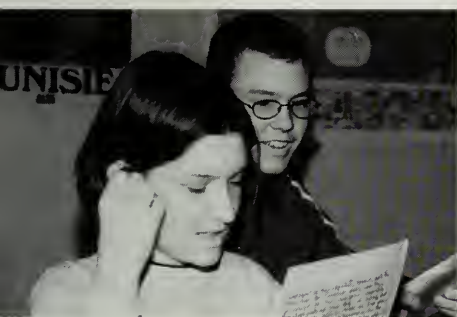

7:15AM — Time to journey to HHS, whether you walk, park in far . . . or make your own parking spot.

7:19 AM — School is about to start! Time to “rush” so you’re not late for A Period.

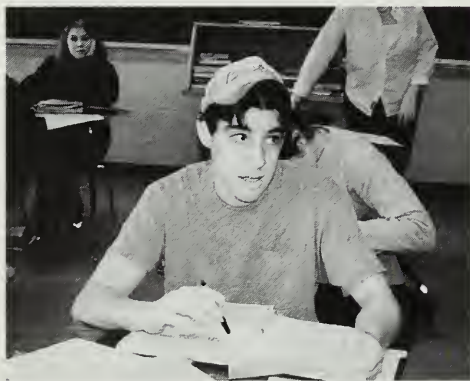

7:20-10:52 AM — Time to start working hard, or at least look like we are (we are seniors, after all).

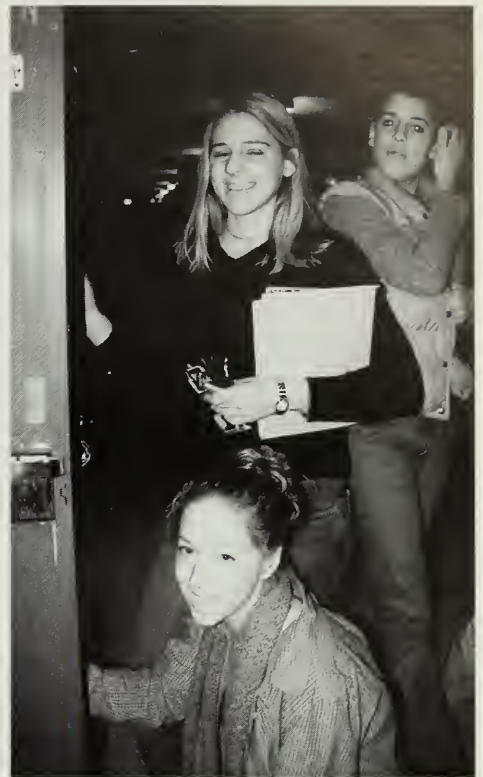

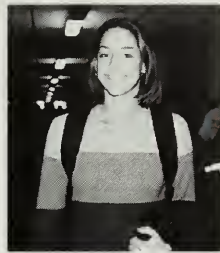

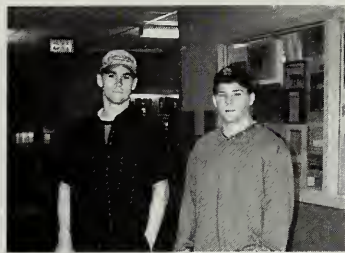

Lunchtime — For most students at HHS, the brief 28 minutes of lunch are the best moments in the entire day.

12:16-1:52 PM — We must go back to learning, yet with somewhat less enthusiasm than when we started.

1:53 PM — The last bell has rung, we joyously clear the hallways of Hingham High School.

1:55 PM — Time to head home, satisfied that we have completed another day of HHS successfully.

THE HINGHAM HIGH SCHOOL SONG

We are the Harbormen, the best school in all the land.
And so, we sail off to each and every town . . .
We are the Harbormen, the best team around!

Rah, Rah, Rah, Rah, Rah, Rah!
Hingham High — Hey! Sometimes we lose, but we'll never die.
Send that team onto the field,
The spirit behind us will never yield!

Victory for us, on-ward fight
Hey! Onward fight with all our might!
Hey! Up and Down and up again, the sprits of Hingham High.

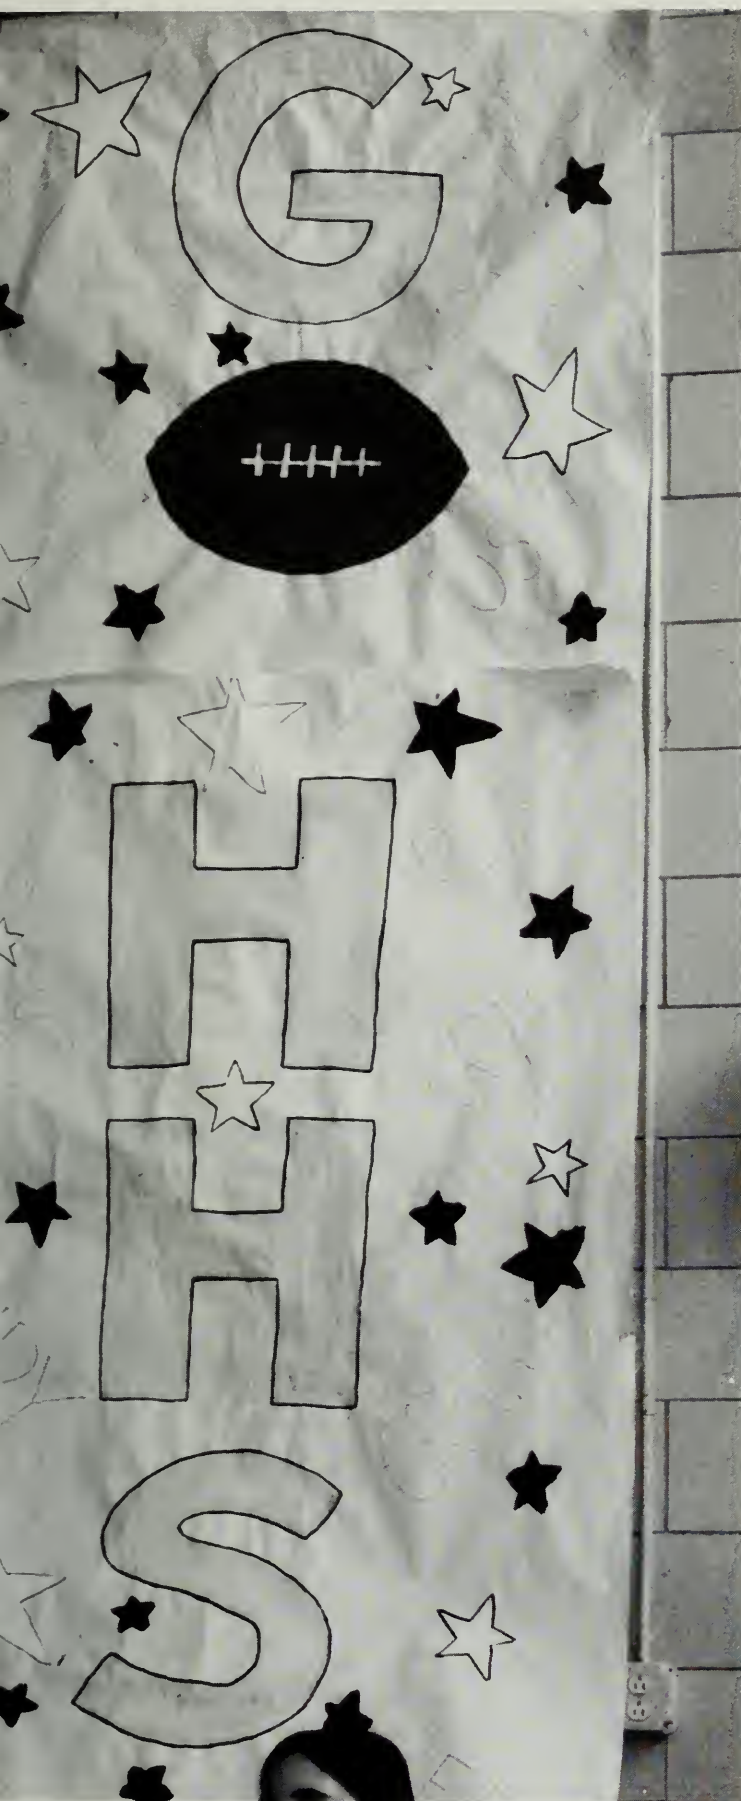

Bais tells Mrs. Sliva to "pucker up".

Oh, the places the HHS Seniors will go! We're off to great places, We're off and away!

John Meigs thoroughly enjoys the entertainment of the Pep Rally.

Powder Puff

The Senior Girls defeated the Juniors (and didn't even need to cheat) during the Powder Puff game. Although the game was not allowed to take place at the Hingham High field, spirits were still high and the game continued at the Rec Center field. With the coaching of senior boys, especially Andy Scerbo and Chris Primo, the senior girls team beat the Juniors with a shut-out score of 56-0. Once again, the seniors came out on top. Way to go girls!

Homecoming

Homecoming day was full of fun, especially for the seniors. The Varsity Field Hockey team had an excellent win, helping to claim their league title. Although the Varsity football team was narrowly defeated by Weston, spirits were still high for the fans. A major event of the games was Andy Scerbo's touchdown, which helped keep spirits alive.

The winners of the Homecoming float contest were, of course, the seniors, with a float of a huge wave proclaiming, "Wipe out Weston!"

A highlight of the game was the crowning of the Homecoming King, Chris Shaughnessey and the Homecoming Queen, Nicole Cavallo. Other members of the Homecoming Court included Hilary Blowers, Kristen Buckley, Britton Lacy, Christina Seremetis, Al Engelhart, Bobby Masland, and Andy Scerbo.

The Homecoming games were only part of the fun-filled day for the Seniors. They were then able to get ready for the best part of the Homecoming day ... the dance.

Homecoming

The 1998 Homecoming was the last one for the seniors and they partied like it was 1999! The Homecoming dance was an opportunity for the stressed out seniors to let loose and go a little crazy.

The dress for the dance portrayed an "I'm a senior and I don't care what anyone thinks" attitude.

Never before were there so many short, tight, dresses and sequins worn at a Homecoming dance.

But never before did the Class of 1999 have so much fun at a Homecoming dance!

With the increasing population at Hingham High School, the Homecoming dance, like last

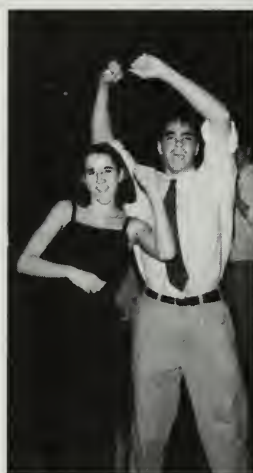

year, had to be held in both the cafeteria and the gym. This made room for twice the fun!

Whenever the music got boring or the room got too crowded students could simply move

to the other room. The two rooms gave the dance a fast pace and gave seniors a chance to get away from the less cool underclassmen.

One of the best moments of Homecoming was the traditional King and Queen dance which was danced by King Chris Shaughnessey and Queen Nicole Cavallo. Seniors smiled as they watched two of their finest seniors represent Hingham High School. It was apparent that the cliques of the Junior High days had vanished as different "groups" became one. The seniors were not united by friends, but as a class. This may be only part of the last Homecoming that the seniors will remember.

The Homecoming Dance, for the seniors, was the first of the "lasts". This important part of High School life is over for the seniors, but the memories of past Homecomings, as well as Homecoming '98 will not be forgotten.

Mike Ioanilli and Brendan Holleran let loose at Homecoming.

Junior Prom

At last! Juniors at Junior Prom on their way to being seniors! Preparing for the dance at the Hingham High School cafeteria was a huge feat and the juniors, now seniors, were very successful. The walls were star-studded and balloons floated over the crowd. The hallway entrance to the dance was covered in stars, each with a class member's name on it. Not only did this add to the decorations, but it gave each member of the Class of 1999 a sense of unity and belonging. The juniors, now seniors, at the dance looked equally spectacular! Most of the girls wore long, flowing dresses and the boys

wore tuxes or suits. The Class of 1999 never looked better! The highlight of the dance was the junior video, made by Hilary Blowers, Scot Chisholm, and Lindsay Williams. Mr. Garland named the Class of 1999 the best class ever to enter the halls of Hingham High School since his own class. Everything about the evening, the video, the smoke machine, and the friends made the evening perfect. As the seniors look back on Junior Prom, they can see that Junior year was the beginning of unity and fun for the Class of 1999.

After School Jobs

Many students at Hingham High School earn extra money with after school jobs around town. Whether in the off-season of a sport, or after club activities, most seniors work sometime during their last year at HHS. The most popular place to work is, of course, the Atlantic Bagel and Coffee Co. (aka Hingham's own Peach Pit). Other common places to find HHS seniors working are the Hingham Public Library, CVS, Brooks and TCBY. Many seniors also work as tutors this year, making money off of the knowledge they obtained at Hingham High School. Sum-

mer jobs are also important for many, and HHS seniors can be found working at the Country Club and the Summer Rec Camp during summer vacation. And what do these seniors spend their money on? Most are saving up for college next year, whether it is for their tuition or for spending money. And others save their money for whatever the weekend's plans may be, or to make payments on their cars. In any case, the Hingham High School seniors can be seen working hard, all around the town and beyond.

Outside of the academic and athletic aspects of Hingham High School, many students participate in clubs at HHS. These clubs range from the Drama Club, which has been in existence for as long as the school itself, to the much newer Film Club and Gay-Straight Alliance. The participation in these clubs is always increasing, and there is always room for more clubs to be created. Clubs produce camaraderie amongst the grades, because unlike segregated athletics, there are no age or talent barriers. There are many clubs, such as Students Against Drunk Driving and Students for Environmental Action that exist to give back to the community around HHS. Others clubs exist to bring fun to Hingham High School. No matter what the club, each gives its members the opportunity to contribute to Hingham High School in many different ways.

Student Council

Student Council had quite a facelift this year! With the motivation to improve the school atmosphere and to have a little more fun, the Student Council was determined to make 1998-99 its most impressive and effective year ever. Members of the council took part in all of the regional and state-wide conventions, learning new ideas and methods to improve activities and fundraisers. Student Council gave a lot of positive attention and well deserved appreciation to many of the "unsung heroes" of the faculty and staff at the school with both Appreciation weeks

and Teacher of the Month awards. The Student Council also took part in service projects serving those less fortunate. Some of the projects included the SIDS Road Race, serving at Father Bill's Place, caring for a child at Christmas, and the Breast Cancer Walk. Events such as Kiss a Fish, Jello wrestling, numerous pep-rallies, and presents supporting various clubs throughout the year kept members busy and created a pleasant atmosphere at Hingham High School. National Honor Society

For Hingham High School's National Honor Society, 1999 was a year of great success. The Class of 1999 upheld the NHS's long-standing commitment to service while having fun at the same time. The dinner meetings were a great opportunity to plan upcoming events as well as enjoy some great meals. The year began with a very successful bottle and can drive fund-raiser at the Hingham Landfill. The highlight of the year was the unforgettable induction ceremony held in December, where members were formally honored for their years of dedicated study, community involvement, and service. As

guest speaker, Ms. Breen brought the crowd to their knees with her "investigation" into the childhood of each of the inductees. Led by President Kelly Lynch, Vice President Pete Sternburg, Secretary Francesca DiSilvio, and Treasurer Emily Goldin, the members participated in a variety of projects and community events. NHS members worked weekly at the local food pantry and tutored local elementary, middle, and high school students. Overall, the year was a great success, as well as a lot of fun.

Language Clubs

Spanish Club

The Spanish Club is having a lot of fun this year. It is small in number but there are big plans. So far in the 1998-99 school year, the Spanish Club has already done many activities. Members made lollipops to sell at the Homecoming games. They have also contacted the Latin American charity "Por Cristo" and hope to provide services to those in need by holding a clothing drive. The Spanish Club is getting together with the French Club more this year.

The two clubs had a joint holiday party which was a huge success. There is a trip to Boston scheduled for later in year in order to see a flamenco show. Another trip to a Spanish or Mexican restaurant is also definitely happening. Foreign food is quite an experience. A celebration for el cinco de mayo is a possibility. All in all, the Spanish Club is exploring many new activities and is becoming more involved in the community. The members hope the club will continue to grow and expand in the future.

French Club

The 1998-99 French Club

La Boum anyone? The French Club was much more than weeknight movies this year. As well as planning their own activities the members of the French Club coordinated some events with the Spanish Club. This way students from both clubs could experience a wider variety of cultures. The French Club also took trips to Boston to see French flicks, museums, and restaurants on Newbury Street. These fun excursions taught students a lot about French art and culture. The big activity for this year is the trip to France in the spring of 1999. Nothing can top a trip to France where students are immersed in the beautiful French language as well as being introduced to the personalities and customs of a foreign country. The senior members of the club would like to thank Madame for her guidance and fun times. Au revior, Hingham.

Latin Club

The Latin Club meets approximately once a month to discuss activities and have fun. Usually they watch movies and eat pizza. In order to make winter more enjoyable, the Latin Club will celebrate Solis Invicti with a party. Members thoroughly enjoy this activity but the biggest party is held at the end of the year. The Latin Club holds a Roman Orgy. At this event the members play games and participate in races. After the competitions the winners are served dinner by the losers at a barbeque. These various experiences give students a better understanding of ancient Rome and the language its people spoke. All this knowledge is learned through parties, movies, and discussions held by the members of the Latin Club.

Math Team

The Hingham High School Math Team is a group of individuals who compete in math meets about once a month. They travel to various schools where the Math Team League gathers to test their math skills. The meet consists of several ten minute rounds in which the participants try to answer three questions which increase in difficulty.

This year, the team has done very well. The math team was able to earn much needed points to progress in the league. Under the leadership of faculty advisors, Mr. Baisden and Mr. Olson, and presidents Erin Devine, Emily Goldin, and Megan McCourt, the team had a lot of fun, even when they didn't score any points. Those who came for the extra-credit left having really enjoyed the experience.

Math team "varsity letters" are awarded to the members of the math team who are dedicated and can score points for the team. The math team has many talented younger mathematicians, each of whom holds much for the future. Good luck next year!

Science Clubs

Oceanography Club

Under the Guidance of Mr. Crowley, Hingham High School's Oceanography Club proved to be rewarding for both club members and students at each of the three Hingham Elementary Schools. At each elementary school, they took part in classroom activities by introducing basic concepts pertaining to the ocean. Foster school was important to the club due to the club's 1999 program, "Fostering Global Awareness through Ocean Studies". All in all, the Oceanography Club was beneficial to everyone who participated.

Biology Club

The members of the Biology Club have been active in setting up the greenhouse for the use of all Biology classes. The club spent several hours cleaning it up from this summer and used a couple of meetings to get this task done. They met with students who presented their experiences in field work over the past summer. Veteran students have helped freshmen with their botany projects. Plans for this year include outside speakers for the spring. The Biology Club president is senior Liz Smith.

Publications

"The Outer Limits"

"The Outer Limits" is a new organization to Hingham High School. It was founded last year by a small group of students led by Bianca Buccitelli and Katie Pyclik. "The Outer Limits" is a literary magazine that allows both the students and faculty of Hingham High School to explore their creative talents through the publication of their poems, short stories, essays, and artwork. As a result of the hard work accomplished by the staff of "The Outer Limits" in regard to collecting

The Outer Limits

HHS's Literary Magazine

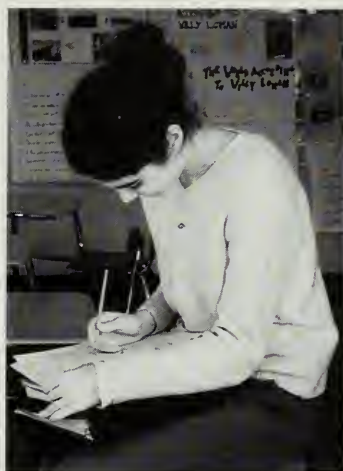

literary contributions and artwork, fundraising, and designing layout, one edition of "The Outer Limits" was successfully published in the spring of 1998, and another edition is planned for the upcoming spring. The staff of "The Outer Limits" would like to thank the English Department Head, Dr. Finnegan, their faculty advisor, Ms. Breen, Mr. Boddie, and all the students and faculty who have contributed to the magazine's successful publication.

Harborlight

This year's *Harborlight* staff had a very productive year. The meetings were always fun and full of laughs, and under the guidance of our advisor, Mrs. Rehnquist, the staff has acquired many important and useful writing skills. With all of the commotion at the High School due to the construction and new building plans, the staff was never lacking in material to report! From Marisa Bethoney's and Michael Hines' features to Joe Valle's reviews, the staff tried their hardest to cover all points of

Editor-in-Chief Liz Caputo

interest of the high school community. Lindsey Williams' club news, Erin Devine's sports updates, and Josh Gay's creative writing have also added to the *Harborlight's* success. Finally, the photographer, Lindsay Blampied and Editor-in-Chief Liz Caputo worked hard with the rest of the staff to give HHS the best newspaper possible. The staff would like to thank Mrs. Rehnquist for all of her patience (won't you miss us next year Rehnnny?) and her determination in GET-

Yearbook

As the most thankless of all tasks at Hingham High School, working on the Yearbook has been laborious and tedious. Though Yearbook was a task that many students at HHS were eager to tackle, when it came down to doing the work, there were a select few who put in the time and effort that made it all possible. Our fearless Editor-in-Chief, Katie Pyclik, ensured that everything ran smoothly and on time. Advisors Mrs. Silva and Mr. Boddie taught the staff how the Yearbook should be done. Kelly Lynch and Drew Wilkins, our Business Editors, went beyond the expectancy of their job, and made more money for our Yearbook than had been fathomed. Erin

O'Shea and Megan McCourt, as Photo Editors, took the pictures that make our Yearbook unique, while the Layout Editors, Ashley Engel and Bianca Buccitelli placed the pictures and copy to structure the Yearbook. And, finally, the Copy Editors, Christina Seremetis and Kristin Skrine added the words to finish the Yearbook. These people who hounded down captains for their write-ups and sorted through old soda cans to make the Yearbook possible deserve thanks for all they have done to preserve these four years at HHS. And perhaps in the future, these editors will look back on the Yearbook and be glad they were a part of its creation. Maybe.

A.F.S.

The AFS club (American Field Service), gets students involved with the community, other states, and other countries in the world. The club is one of the largest in the school. Each year foreign students are invited to experience life with Hingham families. Our exchange students for the '98-'99 year are: Cornelia Bayard, from Switzerland; Koen Braspenichx, from Belgium; and Kjersti Kuhnle (Kiki) from Norway. Students from Hingham also have the opportunity to live with host families in other countries for a summer, semester, or year, and have an unforgettable and enlightening experience.

The club also participates in a domestic exchange with an AFS club from another state during February vacation. Last year the club went to

California and this year we are heading to North Carolina. Through these,

exchanges students are able to see other parts of the country and experience what life is like in other states. Close friendships are made during these exchanges, some of which last a lifetime.

AFS sponsors and participates in a number of community and social activities throughout the year. We hold a twelve hour

Dance-A-Thon in October to raise money for a worthy cause, such as the "Toys for Tots" program and for the crisis in Honduras. In November, the club rakes leaves for the Friend's Home. We also hold monthly meetings and holiday parties. AFS is a fun and worthwhile club to join.

The debate team had an excellent year. In its third year, the team completed its first full season of L-D debate, debating such topics as capital punishment, and sanctity of life opposed to quality of life.

The pumpkin sale and selling baked goods at Homecoming were both extremely successful fundraisers, and the team looks forward to continuing these traditions next fall.

Mark Boddie, Kristin Thane, Abby Randall,

Joshua Gay, Kate LeClair, Kimberly Morgan, Kathleen Keif, Meredythe Ryan, Margo Littlefield, Brittany Beale, and Surekha Gajria all successfully competed in the team.

Intergenerational Club

As a part of YEAH (Youth and Elderly Action in Hingham), Hingham High's Intergenerational Club has had another fun and successful year working together with senior citizens to serve our community. We started off the year with our annual conference at the Congregational Church. It was a great day with a delicious lunch and interesting discussions. For the third year in a row, we participated in Operation Over-

coat. We collected used coats, hats, and gloves from drop off points around town and met to package them in boxes after a potluck supper. Our ongoing service project for this year was the reading program at Southeast School. Teams of seniors and students went to elementary classes once a week to read stories. Thanks to all who contributed this year!

Students Against Drunk Driving is a group of students committed to protecting the safety of others. eleventh or twelfth grade, he or she wins a parking spot in the coveted close-lot for a month.

In the beginning of the school year, the Students Against Drunk Driving handed out pledge forms to the Hingham High School students. Anyone who signed this form committed to never drink and drive or drive with someone who has been drinking.

The vast majority of the student population at Hingham High School signed this pledge. The winners get a gift certificate if they are in ninth or tenth grade, or, if the student is in

Peer Group

Peer Group consisted of twenty-five Juniors (now Seniors) who dedicated their time to teach younger kids about the adverse effects of alcohol and drugs. The group was advised by Mrs. Gustafson and Ms. Cormia. Because the peer leaders needed to take an oath to abstain from drugs during the duration of Peer Group, the leaders were a special group of Seniors.

To get acquainted with one another, the Peer Group spent two days at the Espousal Center (in the middle of nowhere). Although the food left something to be desired, the massages and movies kept the group busy. By playing games with straws and koosh balls, the peer leaders learned about each other, and about themselves.

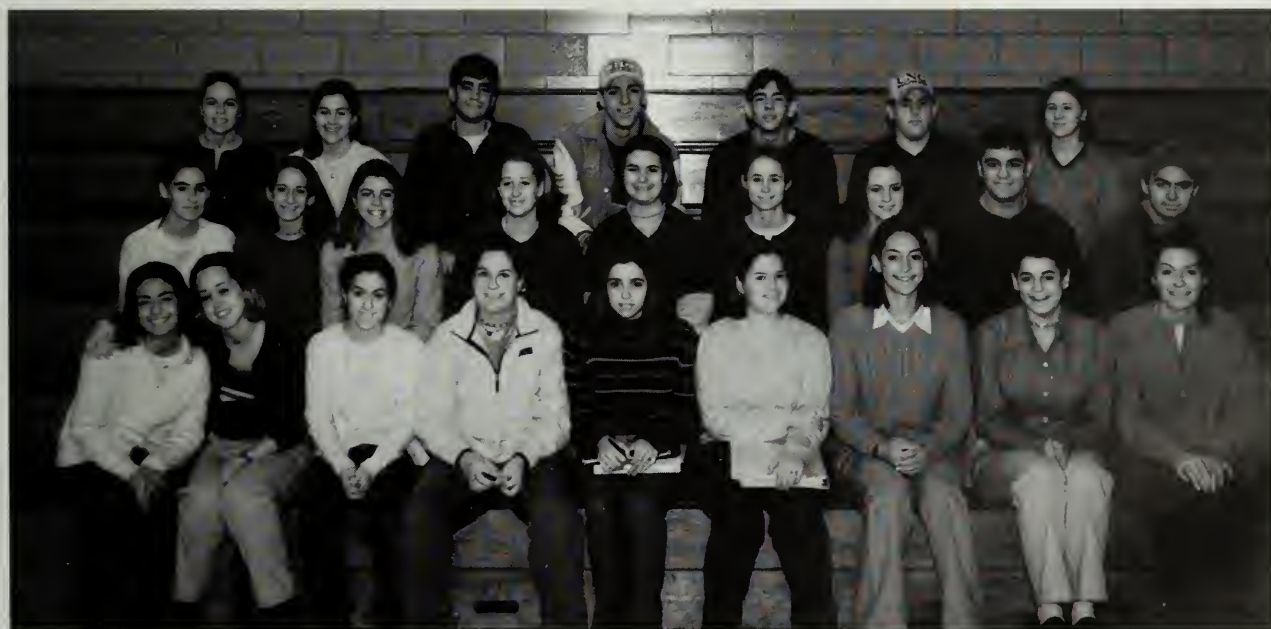

The Group made three visits to the Middle School (where they may have been too late),

and seven to the three elementary schools. Trips to Papa Gino's and Dunkies "on the way" back to the High School were always enjoyed.

Peer Group also had a number of speakers, where they learned about the all-important art of bodybuilding, and about Drew's secret life as a "sexpert". While some of the speakers may have had more serious messages than others, each taught the group important lessons.

During the class time, the group watched movies, some more relevant than others (Trainspotting and Basketball Diaries), and planned the next visit's activities.

Peer Group had a lot of fun (and strange) experiences, but overall, it was extremely successful and the memories will last for a long time.

Chorus

Mixed Chorus consists of singers from grades ten through twelve run by Dr. Paul Cappers. Each December, the chorus performs a major work. Over the past four years, the chorus has performed, in complete, Faure's *Requiem*, Handel's *Messiah*, Carl Orff's *Carmina Burana*, and Beethoven's *Mass in C Major*. The mixed chorus also participates in musical exchanges around the country. In

1996, the chorus went to Greely, Maine and in 1997 they traveled to Weston, Connecticut. In 1998 the chorus remained in Hingham and engaged in an invitational music festival with Scituate High School, under the direction of Dr. Perry, a well-known and highly distinguished conductor. In the spring of 1999, the chorus went to Orlando, Florida to perform at Walt Disney World.

In addition to the larger tour choir,

the students can audition for a selective a cappella group called Choral Spectrum. Dr. Cappers selects a small number of students, who then meet weekly. These students work very hard and devote much time to the success of their annual spring concert.

In 1998, the senior girls began a separate women's a cappella group, under the direction of Dr. Paul Cappers. This group, entitled "The Moonglow

Mermaids", also meets weekly and performs at numerous concerts.

Dr. Cappers is a wonderful conductor and teacher. The chorus benefits from his teaching abilities and the seniors will miss him dearly. The 1998-99 student officers board worked extremely hard to keep the chorus up and running and was met with great success. Congratulations to the senior chorus members for four terrific years!

Orchestra

Ah, Orchestra. Who would've thought that such fun could be had with stringed instruments? G period, six days a week for most, with a brief breath of fresh air while going to the outside room (some of us getting "lost" on the way) has become part of a routine most of us will find difficult to leave. In all reality, orchestra did have a lot of high moments. Some include: certain unnamed graduates of '98 breaking into Keith Lockhart's dressing room (EA and JLF), the infamous Saturday school detention of '97, the gatekeeper at Annapolis ("come out of your house!"), the "D" scale which we all dreaded and never quite knew how to play, the embarrassing "Canadian Brass Christmas" bell solo

in '96, the "Quest", and most importantly, the annual Band (and orchestra) trip. In our three years under conductor Mrs. Hallet we played many universally enjoyed pieces, from "Palladio" to "Also Sprach Zarathustra". Under the new conductor, Ms. Hanley, a slightly different approach to orchestral music has been taken by way of Jimi Hendrix. Under the ever important leadership of seniors Rosamund H. (President), Cristina B. (Vice President), Katie P. (secretary), Kyle M. (treasurer), Britton Lacy and Alexis St. James, orchestra continues to flourish. We look forward to a great music trip this year in Montreal and a continued tradition of excellence in the future.

Band

Hingham High School Band conductor A. Douglas Wauchope has conducted several bands during the four-year period that seniors Mark Bologna, Reed Catlin, Jon Conway, Claire Peterson, Tom Preston, Ron Vickers, Jan Wellford, and Tim Waugh have been involved, including a Concert Band, a Jazz Band, and a Wind Ensemble. The highlight of the year for these groups is the spring band/orchestra trip, which revolves around a national competition for bands and orchestras. Each trip also features a day at a theme park such as Six Flags. Freshman year they traveled to Washington D.C. (by bus), and they went to Annapolis, Maryland as sophomores. As juniors, they flew to Atlanta for the best band trip of their high school careers. Although free time was limited, they managed to cram tours of the CBS studio and the Coca-Cola factory, a Braves baseball game, a LONG tour of Atlanta, a day at Six Flags over Georgia, and a competition into just a few days. As seniors, they will again board a bus for Montreal for their

last high school band trip.

The Hingham High Band has made great strides musically. One year, the Concert Band and the Jazz Band each learned and presented a world premiere piece. The Concert Band piece, a minimalist work entitled "Concertino" and composed by Lewis Stewart, was a challenge for the band. "Big Squeaky", the Jazz Band piece with composer Mark Cross on piano, took a lot of time and effort to learn, but was excellent in concert. Both pieces were written with the Hingham bands in mind, and they sounded great.

Every senior involved in band became musically accomplished through the guidance of Mr. Wauchope. His dedication to improving the musical abilities of his students is unparalleled, and the teaching of music is obviously his passion. The senior members of the Hingham High School bands would like to thank Mr. Wauchope for the inspiration he has given them, and for all the hard work he has put into their lives.

Drama

As we started our High School career we tried out for "Guys and Dolls." Some freshmen got such prestigious parts as "the paperboy" or "the bartender," while the rest of the freshmen were excited about being in chorus and crew. When we moved on and our talents grew, we helped bring together "Anything Goes." As we sailed along on the boat made of plywood we moved on to where the happy boat sank when we performed "To Destroy You is No Loss." After three months of rehab we were ready for

"Hello Dolly," which was the last musical we performed in the old auditorium. As we looked like idiots we performed "Fools." As we SURGED to our next round we were outdone by kids dancing like horses from "Joseph Case." We signed a deal with Notre Dame, and after peace negotiations we presented "Crazy for You," our final musical. Thank you to all and to all a good night.

Film Club

The Film Club was started just this year by a group of Hingham High School students, and it has caught on well. The students in this club are dedicated to watching and discussing various films. The number of new club members this year promises that the Film Club will be even more successful in the years to come.

Thespian Society

The Hingham High School Thespian Society is part of an international organization for actors, actresses and crew members. To be a Thespian, a person must have been in the Drama Club for at least two years, participated in four plays, and have been both a crew member and an actor. A first year Thespian receives a pin, a shirt designed by a Hingham Student, and a subscription to Dramatics magazine.

Plays

The Hingham High School Drama Club performed the musical *Crazy for You* this fall. Despite the logistic confusion (the play had to be performed at Notre Dame Academy), the musical was a great success. Some notable senior performers were Allison Melia, Kristen Buckley, Drew Wilkins, Chris Shaugnessy, Bob Masland, Eric Smallwood, Sarah Gordon, and Kelly Lynch. Many

other seniors participated in the chorus or crew. The Drama Club looks forward to performing their annual musicals in the new high school auditorium, unfortunately, many talented seniors will be gone.

Hingham High School has always had a wide variety of sports choices. There's a team for almost anyone interested in athletics. Also, recently, HHS has added two new varsity sports to its ever-growing list: Ski Team and Sailing Team. Being an official high school sport brings more recognition, and funding from the school. The Crew team is one of the few Hingham High Sports not "officially" recognized. However, Crew, in addition to Swim Teams and Figure Skating, has a great number of Hingham High School participants.

Like everything in our senior year, our athletics

have been affected by the construction. The Softball team lost its primary field, and all teams have been af-

ected by the lacking of parking during practices and games. We still have our gym, though, which allows us to put out all our spirit at the pep rallies. The school has always been very supportive of its various teams, especially hockey and football. Besides pep

rallies, the sports teams help evoke school spirit in general. It's not uncommon to see the basketball, track, gymnastics or hockey teams dressed for success in their uniforms, or other spirited outfits on the day of a game or meet. The Class of 1999 wishes good luck to all the future sports teams!

Cross-Country

With a new league and a new 5K course in World's End, the 1998 season was a memorable one for both the Boys' and Girls' Cross-Country teams. Under leadership of Coach Joseph Ryan, both teams grew in talent, and in spirit. The Girls' Cross-Country team was led by tri-captains Courtney Allen, Allison Melia, and Christina Seremetis. The team finished with a perfect record of 6-0 in the newly formed Patriot League. While the team shut-out many teams, it was a one-point victory over Scituate that clinched their title. An important member of the depth on the Girls' team was Nicky Meyer, the team's unassuming, but powerful "secret weapon", who was an important factor in many of the victories. The three captains contributed to the team both on and off the race course with their excellent performances, determination, and leadership. It was a fitting end to an exciting season when the red and white champi-

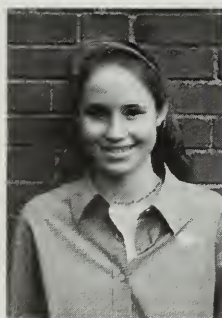

onship banner arrived as a tribute to the hard work and achievement of the 1998 Girls' Cross-Country team. The Boys' Cross Country team, though young, is emerging as a power in the Patriot League. Under the leadership of Mark Bologna, and Junior Tyler Nielson, the team was able to defeat Mashpee and East Bridgewater with ease this season. Mark, the team's only senior, has been running with the team since 8th grade. His hard work has paid off, as he has been a League All-Star Honorable Mention for the past two years. The teams great numbers of underclassmen, as well as returning juniors ensure that the team will prosper and improve next year. The seniors on both teams will not simply miss the meets and victories, but the people they have bonded with, and with whom these four years have been most memorable. They wish the Cross-Country teams the best of luck in the years to come.

Hingham High School's Spring Track teams, have been making great "strides" over the past few years. The teams are largely composed of seniors who will be missed next year. Both the boys' and girls' team, in the competitive Atlantic Coast League, split their record with several wins and few losses.

The girls' team was led by captains Rosamund Healey and Christina Seremetis. The success of the team has been dependent on the extreme depth of its members. Rosamund has consistently been the top shot putter in the League, while Senior Kristin Skrine has been one of the top harriers in the 800m run in the League. The team also works together in larger meets to score points; the girls' high jumpers and long jumpers have won numerous medals at the relay meets. The team misses Inge Kuipers, a captain from last year, and MVP of the team,

who moved to Europe last year. A strong class of freshmen, and other underclassmen promise that the team will be successful in the years to come.

The boys' team was led by Senior Jan Wellford, and Juniors Jeff Born, Steve Daly, and Evan Lindquist as the captains.

A factor in the success of the team was the first-year coach "PJ" Burke, who added a new sense of camaraderie and unity to the team. Important assets to the team include Jan who consistently scored points in the mile, and Andy Scerbo who launched the javelin further than most in the league. The Junior-dominated boys' team shows that next year will be one of the best for the team.

Both the boys' and girls' teams would like to thank the coaches who have helped make such successes possible, and good luck to all of the seniors runners, jumpers, and throwers in the future.

Winter Track

The Boys' and Girls' Winter Track teams had memorable seasons this year. As the last class to run at the BU Armory, the seniors were extremely successful in the Patriot League. Under the leadership of Coach Paul Manganello and captains Courtney Allen, Kelly Lynch, and Christina Seremetis, the Girls' team had one of the best seasons it has had in years. With approximately 50 girls on the team, many of whom were newcomers seniors, the Track team finished second in the league, defeated narrowly by Scituate. The girls had 5 League All-Stars including seniors Rosamund Healey and Christina Seremetis. Rosamund has continually dominated the League in the shot-put during her 4 years on the team. The good weather allowed the girls to run outdoors this winter, with "hard" Turkey

Hills and track workouts at "seven eighths speed" being the favored workouts. The amazing strength of the underclassmen shows that the Girls' Winter Track team will continue to excel in the

future. The Boys' Track team, led by Coach Steve Herrmann and Captains Jeff Born and Steve Daly, had a great season as well. Seniors Tom Ford and Pat Cotter excelled in the shot-put and sprinting, while Senior Josh Gay contributed to the team greatly as a middle-distance runner. All three of the seniors boys, each some-

what new to the team, will be missed by the team next year. Though the seniors will remember the trips to McDonald's and Store 24 with fondness, it is the camaraderie and friendships the team members have made that will be remembered in the years to come.

Not just "Chicks with Sticks" . . .

They've been through so much in the past few years, Through so many laughs and a few tears. They started as freshmen, timid and scared, Coaches Heather and Kelly tried to get them prepared . . . A little more confident and eager for fun, As sophomores they stepped on the field in the hot August sun. As juniors they knew they had to be rough, They got down in the dirt and played real tough. Ms. Gordon showed them Varsity was a whole new game, The team had to be intense to achieve their fame. Since they were the rookies in the crowd, They learned that cheering from the bench can still make one proud! Three years have passed, they are Seniors at last! They strived to make their final season a blast. At first Ms. Gordon thought they were ballarinas at most, But after winning the Patriot League Championship she had reason to boast! "Shoot coach" it's over, Winnie tells

them it's so . . . But the friendships they made they'll carry wherever they go. Thank you Moms, Dads, siblings and friends, For your loving support from beginning to end. To Heather and Ms. Gordon, their devoted guides, You've given them confidence to succeed in life; it's been an incredible ride. Seniors! Chin up! There's no reason to be upset, Think of the fun the team had trying to put up the net! They will keep these memories of all the fun they had, They are proof of how wonderful life is and that's a reason to be glad!

The 1998 HHS Field Hockey team was lead by co-captains Kelly Crowley and Caitlin McDonald. The team's success was due to the entire team, especially the seniors. This was their first season in the Patriot League and they finished in first place and made it to the State Tournament. Their final record was 9-4-6.

Boys' Soccer

The boys' soccer team had a very successful season despite some tough losses to rival teams. They finished with a record of 11-9-1. The Captains, Scot Chisholm, Tyson Scmitt, John Henesey, and Ron Vickers led the team to their first ever patriot League Title. (First soccer banner also!) The offense was led by Ron Vickers and Scot Chisholm. The midfield was controlled by Tyson Scmitt and John Henesey, and the defense by Kevin Coughlin, Mike Driscoll and Jan Wellford, who all supported Leslie Fernandes at net. Scot Chisholm, Jan

Wellford, Ron Vickers, Leslie Fernandes, and Tyson Scmitt were selected as League All-Stars. Jan Wellford and Scot Chisholm were

also chosen as Eastern Massachusetts All-Stars. Season highlights included the wins over Scituate and the 4-2 loss to Marshfield (4th in the country).

Under second-year coach Guy Enoch, the varsity girls' soccer team enjoyed a very successful and fun-filled season. The team qualified for the state tournament for the first time in four years. A lot has changed since that tie against Randolph. Highlights of the season include; a tie against Atlantic Coast League powerhouse Plymouth-North, a win over a very tough Rockland team, and a tournament win over Bishop-Feehan. The team was very close this year and spent a lot of time, maybe too much time, together both on and off the field. The most memorable events of the season were the "imagery sessions" and the dances Jess N. and Britt L. performed. Co-captains Cara Glassanos and Britton Lacy,

along with seniors Caitlin Fahey, Carla Gigon, Jessica Nermoe,

Susan Powers, and Lauren Smith, who was unfortunately sidelined with an injury for most of the season, led the team to a great season and played exceptionally well. The soccer team's record:

Cheerleading

The 1998 Football Cheerleaders have really come a long way to become what they are today. They were all dedicated, enthusiastic and really got the crowd going. In the summer of 1997 they attended the Universal Cheerleaders Association Camp (UCA) for four days and came out an entirely different squad. There they learned new cheers, fancy stunts, and exciting dances which they displayed at the games and pep-rallies. At camp the entire squad qualified to perform in the 1997

Citrus Bowl in Florida. They accepted the offer with pride and excitement. There were lots of good times, laughter and hard work. The annual Homecoming Dance put on by the Cheerleaders was a big success. There was enough people to require two DJ's and two dance floors. Senior Cheerleader and Captain Tanya Cioffari helped the team cheer the football team through an excellent season. The girls really enjoyed what they did this year and they were very happy with the success of their season.

Wrestling

As one of the best teams at Hingham High School, the Wrestling team has had incredible success over the past few years. In the 1997-1998 wrestling season, the team proved to be one of the most dominant forces on the South Shore when they were champions in the Atlantic Coast League. Led by captains Dan Primo, Craig Buckley, and Brian White, the team continued this success in the 1998-1999 season. Other seniors, including Mark Bologna, Chris Primo, and Matt Hersey contributed greatly, and

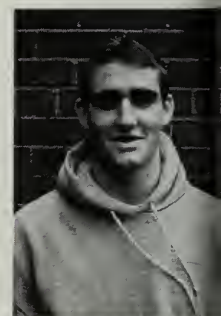

helped lead the team to great victory. This year, Captain Craig Buckley and Senior Chris Primo were State Champions, adding to the success of the 1998-1999 Hingham High School Wrestling team. The team would like to thank their coaches, Dave DiMarino and head coach Bill Barges for all of their hard work in making Hingham High's Wrestling team one of the top in the state. The seniors wish next year's team the best of luck in the future, and hopes that they will continue their awesome record next year.

Girls' Basketball

The HHS Girls' Varsity Basketball team had quite a '98-'99 season! With Seniors Captain Kristen Buckley, Captain Carla Gigon, Britton Lacy, Libby Mirabile, and Tammy Powers, it is easy to see why they ended the regular season with 15 wins

and only 3 losses and had an unbelievable showing in the State Tournament! The experience and talent of the Seniors, along with their returning Junior, All-Star center Brady Garrity, guided the six rookie members of the team, Sophomores Melanie Dobson and Lauren Sullivan, and Freshmen, Bridget Driscoll, Hilary Gibson, Laura Glassanos, and Meaghan Marshall, to their first of many winning seasons. The leadership of the captains both on and off the court was a huge

factor in the team's success and camaraderie. With Patriot League All-Star Gigon controlling the game from the position of point guard, along with Buckley's spirit and persistent cheering, the team had a winning combination! Mirabile,

the smallest "big-man" in the league, was the Harbormen's secret weapon at times. Unless you knew Mirabile from years past, you would never guess that this 5'5" player felt most comfortable in the paint! Her vicious rebounding and

creative shooting style were key in Hingham's wins! Patriot League All-Star Powers shot lights out from three-point land throughout the season, catching the eye of many college coaches. Lacy was known as the team's "Super Sub", coming off the bench like a shot gun and lighting it up when the chips were down. Hingham's style of play was a fast-break, run-the-court offense with a serious and hard-nosed zone defense. With their speed and familiarity with each

other, having played on the same team since sixth grade, this veteran squad showed the league a thing or two and gave fans a few games to remember! Thanks for a great season HHS fans, and good luck to everyone!

Boys' Basketball

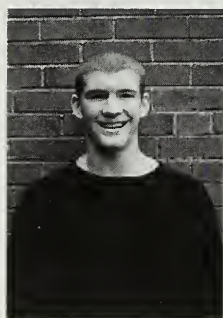

The Hingham High School Boys' Basketball team had a great year as they won many hard fought games. The team was led by Senior Captains Mike Ioanilli, and John Toomey as well as Junior tri-captain Jim Battista. The team consisted of a large Junior core of Dellaili Tsaku, Rodney Johnson, Brian Miller, Ryan Sullivan, Jason Ryan, Matt Fallon, Nick Shore, Greg Hope, Ted Flynn, and Jim Christino. The team was also helped along by the play of Sophomore Jason Riley and the team manager Tom Meehan. The

team's success throughout the season can be attributed to their close knit nature, and the friendships they have made this year. The team would like to thank their coaches, Ged Phelan, and Assistant Coach Eugene B. who helped lead the team to victories this year. With their help, the HHS Boys' Basketball team made it to the tournament, where they excelled greatly. The seniors of the team will be missed, but they wish

good luck to the team next year.

Hingham's #26 smashes the puck away from the opposing team.

This year's Hingham High School hockey team had a successful and productive season. After easily winning the Division II State Championship at the Fleet Center two years ago, the team stepped up to Division I where they have been faced with new and challenging opponents.

The team was led by seniors Joe Griffin, Anthony Haggerty, Brian Margetts, Colby Wilcox, and Mike Woods. Underclassmen look promising for a successful season next year. Despite injuries over the past couple of years, the team's

hard work, strong effort, and good sportsmanship held the team together. The hockey cheerleaders have also been a factor in the success of the team, as they have given the team the enthusiasm and support to win.

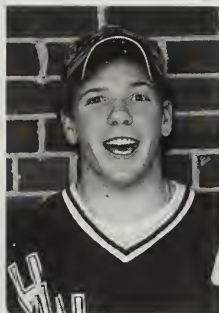

The team would like to thank all the coaches for their hard work and commitment to the team. Thanks also to all of the fans who have been dedicated to supporting the team. Best of luck to the Hingham High School hockey team in the years to come.

Ski Team

The 1999 Hingham High School Ski Team is graduating its last group of founding members this year. The senior racers are Reed Catlin, Mike Cornell, Erin Devine, Leslie Fernandes, Cara Glassanos, Jess Matthews, Megan McCourt, Tom Preston, Nik Rau, and Jan Wellford. This talented group started the ski "club" four years ago, and has made tremendous progress in this short time. Both teams have captured

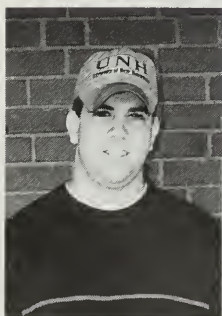

first place in the Ski East League. The team came together for healthy competition and improvement, and ended up making new friends and having a blast! Our success is due, in part, to our coaches, Bede Wellford, Ken Corbett, and Phil Glassanos. In the future, the Hingham Ski Team will continue to dominate with its ever-improving younger skiers. Good Luck next year!

We began in December and with eacy dry land,
We learned new techniques at our coach's demand.

Skiing takes practice, it's really quite hard.
So we huffed, and we puffed and got rid of that lard.

And, in so doing, learned everyone's name;
Together, unknowingly, destined for fame!
Once the snow came, it was off to Blue Hill.
Here, Scituate and Notre Dame we wanted to kill.

When the lift was working, we'd ride to the top;

If it wasn't, we'd get there with many a hop.
Loudly, we'd cheer at the start for our team,
Until we lost our toes, or so it would seem.
Eventually, we all ripped through each gate
And our scores at the bottom sealed our first place fate.

But, after each meet, the underclassmen would think,

"What will we do next year? Our ski team might stink!"

But then, the racers realize that over the years they've been taught.

After all, this group of seniors is amazing — they've helped them a lot!

Tom was always able to put a smile on their face,

And Jan showed then how to ski to first place.
As she beat her sister, Erin's determination shone through,

And Cara's great skill was instructive too.
Leslie taught them how to best break their skis,
And Jess, how to persevere through pain in the knees.

Meg always welcomed them with a smile,
Even Reed was serious (for a little while).

Always admirable was Nik's drive to perform,
And Mike constantly demonstrated the perfect form.

Thus, Hingham's ski team together gained the lead,

And oops! Each driving member received a ticket for speed.

But we each learned new lessons and made new friends.

Yet, alas, we face the very sad end.

But at the end of the season, we all rejoice,
Having realized that joining ski team was a very good choice!

Gymnastics

The captains of the gymnastics team are Rory Johnson and Lauren Habeeb.

Lauren's gymnastics expertise makes even this split seem painless.

Lauren Habeeb

Let's just say that the gymnastics team may not have been the most successful team, but they have improved this year as a team and actually won a few meets. They had a lot of difficulty with injuries in the beginning of the season, but all the girls came back strong in the mid-season. With new coaches this year,

Easy does it!

Patty Anderson and Melanie Langdon, the team has been able to gain more difficulty in their routines. Captains Rory Johnson and Lauren Habeeb helped the team keep up good attitudes throughout

the season. All the team's work paid off and they've gained the best record they have had in years. Contributions from freshman Meg Peterson and Bronwyn Riggs, sophomores Vanessa Baris and Liz Shorey, and Junior Laura Daubenspeck also had a lot to contribute to the team. With such strong under-

classmen, the Gymnastics team looks promising for success in the future. The team would like to thank their coaches for helping the team improve this year. Good luck next year!

The underclassmen show great promise for the future.

Girls' Lacrosse

The 1999 Hingham High School Girls' Lacrosse team was led by senior tri-captains Carla Gigon, Kelly Crowley, and Kate Zahner.

Hingham returned ten varsity players from the 1998 semi-finalist teams and were aided by a lot of younger talent. The girls proved to be strong in their South Independent League, making the long trips to Nantucket and Martha's Vineyard. Hingham was led by offensive standouts Biff, Zahner, EWD and late night nookie.

The Harborwomen's success was headed by defensive stars Kelly, Keeks, and Hot Lips, who were guided by Carla in goal.

The girls had a lot of fun times and great memories: sleep overs, spaghetti dinners, fat shuttle, bus rides, Potty-mouth, and the

infamous v-neck sports bra. The team thanks Sammy and Pierre for the bus ride entertainment. Queer thing! The Girls' Lacrosse Team had a great season and a lot of fun in the process.

Boys' Lacrosse

The Hingham High School Boys' Lacrosse program has enjoyed many successes over the past three years. In 1996, the Lacrosse Team won the League title and earned a berth in the EMASS Championship game. In 1997, the players won yet another League title. This year, with a solid core of seniors and returning starters, the Boys' Lacrosse team should challenge for yet another League title and a successful state tournament. The Boys' Lacrosse team would like to thank Mr. Santoro who taught so

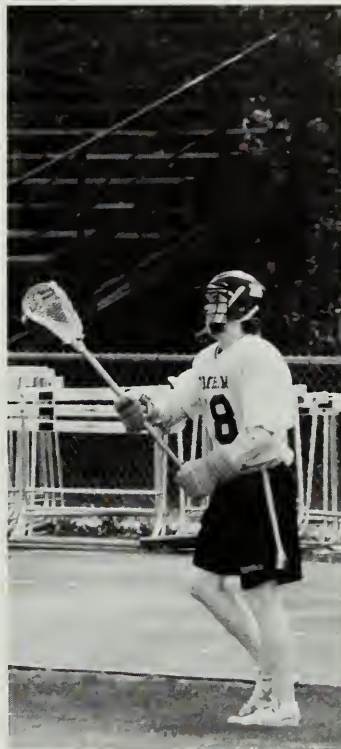

many of the players the fundamentals of the game. The Hingham High School Boys' Lacrosse team looks forward to

another exciting season in 1999.

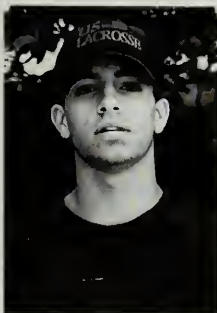

They have the focus and the drive to lead them to victory.

Boys' Tennis

Over the past three years the tennis team has done well by qualifying for the state tournament each year, the team has also been seeded two of the three years. We have also enjoyed the ups and downs of playing matches. This year the tennis team hopes to keep that streak going by having many new talented recruits. New freshmen, like Danny "IceBox" Lee, only one of many new players trying out this year, are hopeful. With experienced seniors like John Indrisano (Captain), Jarret Britt (Captain), and Paul Gensheimer, this year should be a good

one for the Hingham High Boys tennis team. The tennis coach Ron Bartells has done a good job coaching. Thanks to him we have had a lot of successful matches and enjoyable experiences.

Quotes from seniors:

"I don't need to say anything about tennis, it speaks for itself." — Jarret B.

"Well, at least the coach is gone." — Paul G.

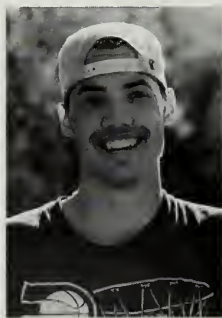

"It's been a fun ride and good luck to those left behind." — John I.

Girls' Tennis

The Hingham High School Girls' Varsity Tennis team, coached by Mrs. Sides, has enjoyed tremendous success in the past few years. The team was undefeated in the 1997 season and was the Atlantic Coast League champ for both the 1997 and 1998 seasons. The past seasons have consisted of extremely long and hard practices, tons of food, bonding on the bus rides, and a lot of fun. (The team will make sure that the 1999 season is exactly the same.) Highlights of the past seasons

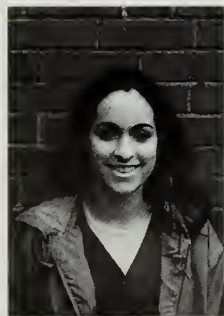

include great success in the state tournament, hard fought victories over arch rival Duxbury, and entertainment from a singing banana for Mrs. Sides' birthday. This year looks very promising as the team will be led by tri-captains Ashley Engel, Caitlin Fahey, and Britt Lacy, along

with returning seniors Emily Goldin and Maggie Kirkendall. The five seniors wish the HHS Girls' Tennis team the best of luck in the future!

Baseball

The Harbormen Baseball Team enjoyed another successful season this past year. The team played to a 14-6 regular season record and a berth in the Division II State Tournament. In the first round game versus King Philip regional school, the Harbormen were defeated 5-4, it was a heart-breaking loss, despite a great team effort. Trailing 4-3 in the seventh inning, senior captain Jamie Harrison stepped to the plate. With a man on he drove a 1-0 pitch deep down the left field line for an apparent game winning homer to put the team into the second round. However, the umpire saw the play differently and called the play foul! While all the players and fans stood in disbelief, the next two outs were recorded and the Harbormen were sent home with a loss.

Leading the Harbormen last year were Captain Jamie Harrison, Ryan McDonough, and Brian Sliney. De-

spite losing eleven seniors to graduation the team still looks to be a force in the newly formed Patriot League. The team returns five starters including: Tim Sweeney, who

led the team with a .517 average and was named to the Atlantic Coast League All Star team for his efforts as a shortstop. Sam Devito, who led the Atlantic Coast League with a 1.21 ERA on the mound, as well as providing power at the plate. Mike Bizzozero, who showed a great glove in covering the outfield, as well as providing many clutch hits last season. Derrick Smith did a remarkable job in his first season ever as catcher. "Hog" also led the team in homers with three.

With a great new coach stepping in to replace longtime Head Coach John Garrigan, who heads to retirement, the team should not miss a beat as great things will be expected in 1999.

The Hingham High School Softball team had a great 1998 spring season. The team played hard and was rewarded with excellent results. The varsity team lost a lot of good players but they have the ambition to make 1999 another great season. Captain Emily Melia will lead the team with a strong group of seniors including Lisa Arnold, Liz Caputo, and Jess Nermoe. Together they will try to make it to the playoffs this spring. With only five returning players, the team will be young but strong. It will be a fun exciting and competitive season. Over the past

four years the seniors have had fun together playing in the summer and in previous seasons. There are lots of good memories

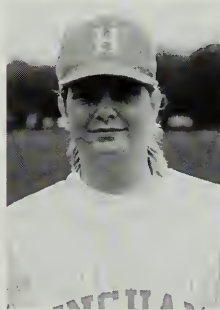

from past junior varsity and varsity years. The seniors wish past, present, and future softball team members good luck in college and in future seasons. Seniors on the Hingham High School Softball team this year are:

Golf

HHS Golf Team is above par in the sports category! With inspiring and supportive coach Jack Curran leading the team through very intense schedules, the Harbormen have stood strong. Through the past four years, the Harbormen have had good showings in both the regular seasons and the infamous state tournaments.

Seniors are the leaders on and off the course providing encour-

agement and support to all underclassmen throughout the season.

HHS golf team members continue improving their games through the off season by taking part, and winning, local and statewide tournaments, and will continue to do so long after their Harbormen days are over.

A long, long time ago (four years to be exact), three freshmen and an upperclassman started the HHS mountain bike club. Under the expertise of K.C. Kopper, the three freshmen: Jon Conway, Tom Preston, and Nikhiel Rau began their adventure into the world of off-road riding. Mountain biking is a sport that summons one's skill, endurance, strength and, at times, sheer determination. This sport used to consist of your average run of the mill bike, and atop this you could find a gearhead whose diet would consist of mud, dirt, and small furry animals due to his/her occasional endo. (An endo occurs when at the back of your bike comes up with the front still on the ground to the point that it launches the rider over the handlebar.) But this class of rider is hard to find. These days bikes are made of very strong and light materials such as aluminum, beryllium, carbon fiber, and titanium.

In the saddle (or seat) a rider is greeted by a myriad of controls at your finger tips which consist of up to 24 speed, powerful vee-brakes and shock absorber adjustments. With this top of the line equipment all they

needed to do was put a skilled rider on a bike. As the years passed, more and more joined our club, such as avid biker Leslie Fernandes. It wasn't long before we were winning our first races. Our sophomore year Jon, Tom, and Nik won the Second Start Enduro race in New Hampshire. Many other riders went on to win individual races. The club meets twice a week in Wompatuck State Park and practice consists of a 10 to 15 mile

ride on various terrain, from fire-roads to steep, rocky slopes. The club is active in the fall and spring but we encourage year-round riding. In our senior year we had the pleasure of riding with one of Belgium's best, Koen Braspeninichx (AFS student, pronunciation of last name optional.) We all had an enjoyable 4 years in the club despite occasional "gurns" (an injury characterized by a chunk of flesh being forcibly removed by a part of the bike or

ground during a crash or momentary lapse of coordination.) Thanks to all who were in the club for riding hard and putting in your share of time in keeping Wompatuck's trail in good shape. Happy trails!!

Sailing

The Hingham High School Sailing Team finished their 1998 season in good standing. They were undefeated in their regular season and in the sail off competition. To add to the Sailing Team record, they took sixth place at MIT in the Massachusetts High School State Championship. Hingham was the highest placing public school at this event. This is rather impressive because the private school sailing teams receive full funding, including a paid coach. The Hingham Team is responsible for all of its own funding and is coached by a volunteer. Aside from their competitive racing, many students find enjoyment simply in going for a sail after school. The Sailing Team practices two to three times a week at Community Boating in Boston. Most of the members don't mind the long

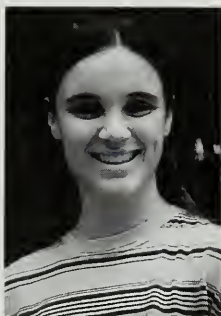

commute because it usually involves a quick snack stop at a nearby convenience store before getting back on the MBTA. They would like to thank Coach Tom Knowlton and congratulate Claire Peterson and Co-Captain Taylor O'Neil. Good luck to the new coach, Ken Corbett, and the future teams.

The Captains are senior Taylor O'Neil and junior Jordan Smith.

TEAMWORK is the ability to work together toward a common vision. The ability to direct individual accomplishment toward organizational objectives. It is the fuel that allows common people to attain uncommon results.

CREW (kru) n. 1. A sport practiced in rowing boats where the participants will run to practice and spend one to two hours sitting on a hard wooden seat and pull on oars to such a level as to cause their bodies to go into oxygen debt, resulting in the formation of lactic acid in their blood, which causes great pain and discomfort. This fun is conducted under the demonic supervision of a person called a "coach" with the help of his trained servant named "coxswain".

Ah, crew. The good old days at

Hull Gut. Peddocks and Georges Island games. Prince's head, old school crew. Remember Lory, Ed, Corrine, Mario, John, Jack, Reuben and let's not forget Davy and Emma. The old crew E.H., T.P., E.S., S.H., C.B., A.I., B.M., R.H., P.M., B.K., J.D., N.V., N.L., O.M., K.M. and M.D. And to the new ones D.W. and R.H. "TBF", you guys are awesome. Congrats! Hingham kicks butt in the nautical. We love Hull and Maine. "Let's bring it up for a power, ummm, 72!". Singing in the rain. Faculty

The faculty are the unsung heroes of Hingham High School. When we graduate, we will not simply remember the hallways of HHS, but the teachers and administration who have made these four years most memorable. Whether it was that teacher who stayed after school with you every day for extra help, or the custodian who cleaned up after you at lunch day after day, remember all that they did for you at Hingham High School.

But the faculty, like the students, aren't "all work" themselves... no one will forget "Kiss a Fish" where Baisden enjoyed making Mrs. Silva, Dr. Lincoln, and Mr. Garland

kiss a dead fish at the Homecoming pep rally. And Ms. Nutter's crazy Halloween and holiday outfits won't be leaving our memories in the near future.

We will not simply remember our teachers for the terrible calculus exams they gave us, or the term projects they gave us right before our college applications were due. We will remember them for making us laugh when we were stressed, and for the greatest gift

that could ever be given to us... knowledge. So teachers, administration, and the rest of the faculty, we thank you for giving us such a great four years.

Mr. Thaxter uses his computer expertise to help Jes and Kelly in the IMC.

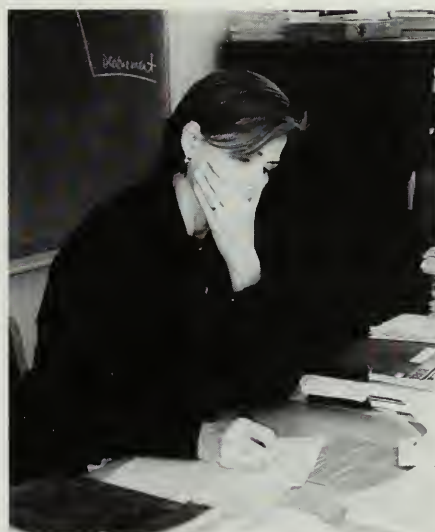

Four eyes" just aren't good enough for Mr. Lacatell . . . he needs x.

Mazzella and Kelly have more than a student-teacher relationship . . . they're friends.

The custodians help make HHS safe for the students. Thanks custodians.

After four long years, we are seniors at last! We are the last seniors to graduate in May. We are the few who will remember Hingham High School before the great construction. We were the last class to graduate from Hingham Junior High. And we are the last class of the twentieth Century.

We started out as young children, merging from Foster, Plymouth River, South, and other parts of the country (or world) and becoming one class — Hingham High School's class of Nineteen Hundred and Ninety Nine. In Junior High we established our-

selves as individual people, but sharing a common denominator. We would walk together on that final day of graduation, and prepare ourselves for the rest of our lives.

As freshman, we were smaller, and more naive than the seniors. It seemed as though we would never reach that day when we would be the ones preparing to graduate. And now we are.

So, seniors, stand proud as the last class of the millenium, and know that we will always have a special place at Hingham High School. And wait as the countdown continues . . .

Back in the Day...

Whether born in the year of the monkey (1980) or in the year of the rooster (1981) each member of the Class of 1999 was born during a time that will stand out in history books forever. Seniors born in 1980 were just in time to see Jimmy Carter's last year as President. 1980 saw the death of musical icon John Lennon, and the start of the computer craze that would bring us into the twenty-first century. Those born in 1981 were alive to witness the in-

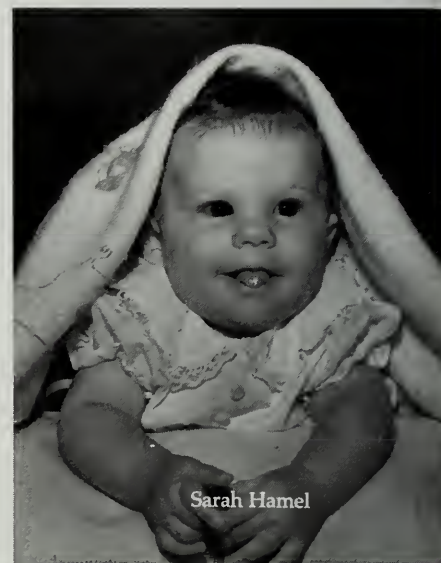

auguration of President Ronald Reagan. An unknown disease was finally diagnosed as AIDS, and a technological breakthrough called the Internet was first introduced to the American people. Pink Floyd and the Eagles topped the Billboard charts. And eighteen years later, as the Class of 1999 prepares to graduate, we see that the times have changed greatly, but we, once children, have grown with the times.

Dear Mr. Vernon,

We accept the fact that we had to sacrifice a whole Saturday in detention for whatever it was that we did wrong. What we did was wrong. But we think you're crazy making us write an essay telling you who we think we are. What do you care? You see us as you want to see us, in the simplest terms and the most convenient definitions. You see us as a brain, an athlete, a basket-case, a princess, and a criminal. Correct? That's the way we saw each other at seven o'clock this morning. We are brainwashed . . . But what we found out is that each one of us is a brain, an athlete, and a basket-case, a princess, and a criminal. Does that answer your question?

Sincerely yours,

The Breakfast Club
